WELCOME

THANK YOU for joining the Rock The Ocean Volunteer team during Rock The Ocean's Tortuga Music Festival 2026. We could not do what we do without the help of our volunteers! This guide will help answer most questions you may have & provide instructions to get to site. Please take a moment to read through the guide. If you have any questions, reach out to Volunteers@RockTheOcean.com.

We can't wait to see you on the beach to Rock The Ocean!

ABOUT ROCK THE OCEAN FOUNDATION

Rock The Ocean Foundation was founded in 2013 with the initial assembling of Conservation Village at Tortuga Music Festival to bring ocean conservation awareness to audiences of all ages, who might not otherwise be familiar with the critical issues facing our oceans. Rock The Ocean Foundation accomplishes this mission by teaming up with high profile entertainers, who bring large audiences together to relay our conservation messaging. Through these opportunities, we bring attention to the most serious issues, raise funds for our ocean conservation partners, and hope to play a role in finding the solutions to sustaining our marine life & oceans.

Rock The Ocean's proceeds directly support science, education, outreach, and specific ocean conservation initiatives through partnerships with leading institutions, universities, and nonprofits.

ROCK THE OCEAN'S CONSERVATION VILLAGE

Conservation Village is referred to as "the heartbeat of our festival." Rock The Ocean assembles a group of thought leaders and activists doing the best work in ocean conservation to share their work and educate our fans. This includes local, national, & international nonprofits & universities.

Conservation Village consists of organizations representing our 5 Core Conservation Issues:

- Sharks
- Sea Turtles
- Coral Reefs
- Marine Mammals
- Marine Habitats

Rock The Ocean will host 5 groups of tents on site representing each of these issues filled with university programs & non-profit organizations.

Rock The Ocean provides this opportunity at NO COST to our Conservation Partners. Additionally, Rock The Ocean staff & volunteers raise funds during the festival weekend to donate to our participating Conservation Partners. YOU are a valuable piece to our success in raising funds for these partners!
